

FactSet Named a Best Workplace in France for Fifth Consecutive Year

March 24, 2016

FactSet was ranked ninth among small- and medium-sized businesses. A total of 43 companies were recognized.

FactSet was selected among hundreds of companies vying for a place on the list this year. Applicant companies opt to participate in the selection process, which includes the Trust Index survey and an in-depth questionnaire about their programs and company practices. Creators of the methodology behind the list, Great Place to Work® has found that employees believe they work for great organizations when they consistently trust the people they work for, have pride in what they do, and enjoy the people they work with.

"This award is especially meaningful because it is based on the opinions of our employees," said Yves Etienne, Human Resources Manager for FactSet. "We are proud that the Great Workplace survey revealed that 90% of FactSet France employees said it is a great place to work."
