

FactSet Announces Planned Departure of its Chief Financial Officer

May 8, 2018

Maurizio Nicolelli has entered into a separation agreement and will remain with FactSet through December 2018

NORWALK, Conn., May 08, 2018 (GLOBE NEWSWIRE) -- FactSet (NYSE:FDS) (NASDAQ:FDS), a global provider of integrated financial information, analytical applications, and industry-leading services, today announced that it has entered into a separation agreement with Maurizio Nicolelli, the company's Chief Financial Officer. The agreement was entered into after Nicolelli and FactSet discussed his transition from his role as Senior Vice President, Chief Financial Officer, to pursue other interests. Nicolelli will remain with FactSet through December 2018, until a successor has joined to ensure a smooth transition of his duties.

Nicolelli joined FactSet as a Senior Accountant in 1996 and has led the Finance organization since 2009, through his roles as Principal Financial Officer and Chief Financial Officer. FactSet has experienced strong growth during his tenure, more than doubling its Annual Subscription Value (ASV). Nicolelli oversaw numerous M&A projects, including the acquisition, day-to-day management, and eventual successful divestiture of Market Metrics.

"I am proud to have been a part of FactSet's success and its creation of significant shareholder value," said Nicolelli. "I have been fortunate to work with a talented and dedicated team that has both contributed to the company's success and has positioned it for continued growth. I will always think fondly of FactSet's great culture and people."

"Maurizio leads a strong, dedicated global finance department," said Phil Snow, FactSet CEO. "He has been an instrumental member of our FactSet senior leadership team. We thank him for his many contributions and wish him much success in his future endeavors."

FactSet has commenced an executive search to identify a successor for the CFO position.
