**Explanation of Responses:**

- This Amendment to Form 4 is filed solely for the purpose of correcting a clerical error in the Form 4 filed April 15, 2020, to now accurately reflect the exercise of Employee Stock Options as a Disposition, rather than an Acquisition, of the Derivative Security.
- Options granted on November 1, 2011 vest over a 5 year period with 20% exercisable one year after the grant date, with the remainder vesting at a rate of 1.67% per month thereafter.
- Options granted on November 1, 2012 included both a time-based and performance-based component. This exercise included all of the outstanding time-based component, which vested over a 5 year period with 20% exercisable one year after the grant date, with the remainder vesting at a rate of 1.67% per month thereafter. The outstanding unexercised options are from the performance-based component, which vested based on the achievement by the issuer of certain financial performance criteria.
